Quotation for the supply and installation of –
Retrofitting of Existing Networking Console with Distant Industrial Process Stations
At
Deen Dayal Upadhyay KAUSHAL Kendra

Sr. No.	Particular	Unit Price in INR	Rate quoted in words
1.	<p>The Retrofitting of Existing Networking Console with Distant Industrial Process Stations required should at least comply with following specifications. Any better specification will be accepted.</p> <p>(In case of different options, the supplier/vendor/manufacture should attach separate sheet on company letter head mentioning detailed specs of optional items and should mention price against each such item. All such documents should be duly signed, sealed and attached to the quotation form)-</p> <p>Specifications: The retrofitting project should be complete in all senses i.e Industry standard installation and commission with proper labeling on control panel and all prominent sites. Project integrator/ Developer should provide technically clear Auto CAD wiring Diagram and complete set of Programming for operation of the Industrial Interface modules under various complexity levels. Technically clear Instruction Manual along with SOP should be invariably provided. 1 year on-call on-site support should be included in quotation.</p> <p>Technical Specification: The Existing Setup offers training on various aspects of MODBUS protocol and is having provision for training on HMI programming/ interfacing to PLCs and Programming of a remote 3 phase motor through VFD. It is expected to extend the scope of the existing project for controlling of a distant conveyor station, a fluid dispenser and a batch process reactor (existing with the present scope) with the existing networking trainer console. Complete set of instruction manual, programming manual, and SOP posters should be provided free of cost.</p> <p>Statutory Conditions <u>INSTALLATION</u> The offered item will have to be installed at BAMU site. All necessary installation requisites have to be spelt out clearly in the quotation. It is to be noted that the mains input voltage and frequencies should be as per Indian conditions (240V $\pm 10\%$, 50Hz). The installation will have to be carried out by engineers from vendor's company.</p> <p>TRAINING: If necessary, training to 3-5 nos. of university staff on operation, maintenance, calibrations of the offered system</p>		

	<p>and studies will have to be provided for a period of at least 3 days at site. In addition, product familiarization training should be provided at each site</p> <p><u>WARRANTY:</u></p> <p>The offered equipment including all the attachments, and accessories, etc should carry at least 1 year warranty from the date of installation at site. If in case during the warranty period any item or spare is to be replaced, then all such warranty replacement parts should be replaced on dispatch duty paid (DDP) basis by the vendor.</p> <p><u>DELIVERY:</u></p> <p>Delivery should be carried out within 6 weeks of receipt of Purchase Order. Late charges will be levied as per Govt. norms otherwise.</p> <p><u>AFTER SALES SERVICE SUPPORT:</u></p> <p>The vendor offering the required system should have their service centre in India preferably in Maharashtra, such that the engineer can attend any service call within 24 hours. This also means that the vendor should have appropriate qty of engineers to meet the service requirements and should be well trained.</p>		
2.	Bidder should strictly follow the technical requirements. Any discrepancies or non-compliance to specifications would be considered not eligible
