Prof. Dr. Jyoti Chandiramani while guiding the students

On the occasion, Chandirmani explained that increased GDP rate, better roads or increased number of airports cannot be called inclusive development. There is still a need to reflect on the number of girls in school, missing women, female employment of women, labor participation rate of women in the overall economy. Classification of work in the society, as well as women's housework is not counted anywhere because it is called unpaid work in the economics test. Against this backdrop, it is important to take note of women's work. As we move into the 21st century, these questions are still existing, and therefore there is a need to reflect on all of them.

Dr. Savita Bahirat while anchoring

Student Akash Lonkar while introducing Chief Speaker

Tarabai Shinde Women's Studies Centre, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad has organized an interactive session on the International day of 'Elimination of Violence against Women' on dated 25th November, 2022. In 1999, the United Nations adopted the Optional Protocol to the Convention on the Elimination of allforms of discrimination against Women and designated 25th November as the International Day for the Elimination of Violence against Women. The purpose of the day is to raise awareness around the world that women are subjected to rape, domestic violence and other forms of violence furthermore, one of the aims of the day is to highlight that the scale and true nature of the issue is often hidden.

This session was chaired by Dr.MehrunnisaPathan, I/c.Director, Tarabai Shinde Women's Studies Centre, who introduced about various waves of Feminism. She discussed especially about the fourth wave of digital feminism. Digital feminism is the contemporary wave of feminism. The digital revolution has paved the way for a new iteration of feminism. The digital space can bolster feminist activist movements by encouraging inclusion and improving accessibility in organising collective action. It also helps weave local stories with global narratives to highlight common structural inequalities. At the same time, however, the digital space can also become a breeding ground for sexism and misogyny.

This session was coordinated by Dr. Ashwini More (Assistant Professor, Tarabai Shinde Women's Studies Centre). Vote of thanks was proposed by Satish Bolkar, Asstt. Professor. Students participated in large number for this interactive session.

Prof. Dr. Umesh Bagade

Speaking on the occasion, Dr. Bagade explained that women's liberation movement, untouchables' movement, workers' movement, farmers' movement, non-Brahmin movement in India all seem to have originated from truth-seeking ideology. The thread of all these seems to be the truth seeker's motivation and the center of thought.

At the same time, he explained that Mahatma Phule accepted both Karta Karma Sambandha and Conjecture Logic, but Mahatma Phule clearly rejected logic formed in the form of waves of imagination. Because in such an idea, logic is not visible but works to maintain social conventions, regressive stereotypes as well. He also explained that the creator created only one creation. But this creation works according to its own laws.

There is no intervention of God or intervention of Nirmika. All these things happen according to the laws of nature according to materialistic view. In the social system of that time, when the trend was that women should be taught how to manage the house, Mahatma Phule explained that women should be given knowledge of human values and experienced

knowledge should be given. Mahatma Phule opposed religious exploitation and explained that unequal power relations are the basic basis of exploitation.

आधुनिक केसरी न्यूज

औरंगाबाद : डॉ. बाबासाहेब आंबेडकर मराठवाडा विद्यापीठ अंतर्गत महात्मा फुले प्रतिष्ठाण, ताराबाई शिंदे स्त्री अभ्यास केंद्र, महात्मा फुले - डॉ. आंबेडकर विचारधारा व संशोधन केंद्र आणि राष्ट्रीय सेवा योजना यांच्या संयुक्त विद्यमाने सत्यशोधक समाज स्थापना शतकोत्तर सुवर्ण महोत्सवी वर्षानिमित्त महात्मा फुले आणि सत्यशोधक समाज या विषयावर विशेष व्याख्याने आयोजन करण्यात आले. याप्रसंगी प्रमुख वक्ते म्हणून प्रा. डॉ. उमेश बगाडे हे होते तर अध्यक्ष म्हणून प्रा. डॉ. संजय मून होते. तसेच कार्यक्रमाचे संयोजक प्रा. डॉ. विना हुंबे, प्रा. डॉ. मेहरुन्सिमा पठाण, प्रा. डॉ. सतीश दांडगे, डॉ. निर्मला जाधव कार्यक्रम समन्वयक डॉ. सविता बहिरद यांची विचार पिठावर उपस्थिती होती. याप्रसंगी बोलताना डॉ. बगाडे यांनी स्पष्ट केले की, भारतीय स्त्रीमुक्ती चळवळ, अस्पृश्यता चळवळ, कामगार चळवळ, शेतकरी चळवळ, ब्राह्मणेतरांची चळवळ या सर्व चळवळींचा उद्गम हा सत्यशोधक विचारधारेतून झालेला दिसतो असे स्पष्ट केले. या सर्वांचे सूत्र सत्यशोधक मध्यवर्ती विचार प्रेरणा असलेली दिसते. त्याचबरोबर त्यांनी स्पष्ट केले की महात्मा फुले यांनी कर्तव्य कर्म संबंध, अनुमान तर्क या दोन्ही बाबी मान्य केल्या, परंतु कल्पनेच्या लहरीच्या स्वरूपात तयार होणारा तर्क हा महात्मा फुले यांनी स्पष्टपणे नाकारला. कारण हा कल्पना तर्क दृश्यमानता नसलेला परंतु सांवाजिक परंपरेचे, प्रतिगामी रुढीवर्ती सत्य तसेच ठेगण्याचे काम याद्वारे केले जाते. तसेच त्यांनी स्पष्ट केले की निर्विक फक्त एक सुद्धी निर्माण करत असतो, परंतु ही सुद्धी ही स्वतःच्या गतीनियमातूनच चालत असते. यामध्ये ईश्वराचा हस्तक्षेप नसतो किंवा निर्मिकाचा हस्तक्षेप नसतो. या सर्व बाबी भौतिकवादी दृष्टीने निसर्गाच्या गतीनियमातूनच होत असतात. तत्कालीन समाज व्यवस्थेत स्त्रियांना घर सांभाळण्याचे शिक्षण दिले पाहिजे असे सूर निघत असताना

महात्मा फुले यांनी मात्र स्त्रियांना मानवी मूल्यांचे ज्ञान दिले पाहिजे, अनुभवी ज्ञान दिले पाहिजे असे स्पष्ट केले. महात्मा फुले यांनी धार्मिक शोषणाला विरोध केला व विषम सत्ता संबंध शोषणाचा मूळ आधार आहे असेही स्पष्ट केले. अशी मांडणी प्रा. डॉ. बगाडे यांनी केली. तर समाजात माणूस उभे करणे हे एक महत्त्वाचे सूत्र आहे आणि माणूस म्हणून मुक्तिदायी स्वतंत्र उर्भे राहण्यासाठी हा समाज वैज्ञानिक दृष्टिकोनावरच आधारलेला असला असे प्रतिपादन प्रा. डॉ. संजय मून यांनी केले. या कार्यक्रमाचे सूत्रस्थालीन डॉ. सविता बहिरद यांनी केले. स्वागत पर दोन शब्द डॉ. विना हुंबे यांनी म्हणले. प्रास्ताविक डॉ. सतीश दांडगे यांनी केले तर परिचय डॉ. मेहरुन्सिमा पठाण यांनी केला व कार्यक्रमाचे आभार प्रदर्शन डॉ. निर्मला जाधव यांनी केले. याप्रसंगी ताराबाई शिंदे स्त्री अभ्यास केंद्रातील प्रा. अश्विनी मोरे, तसेच केंद्रातील डॉ. विकास टाकले, संजय पौड, वाणिज्य विभागातील कर्मचारी तसेच भेटव्हा संस्थेने विद्यार्थी उपस्थित होते.

Paying floral tribute to Mahatma Jyotiba Phule.

Prof. Dr. Prakash Shirsath said that Mahatma Phule had similar attitudes and actions. Education is very important in life and everyone should get education. He had to face two levels of struggle while starting this stream of education. One is with the British government and the other is with the localites. But still he worked all his life to benefit the community. As in America, it was a struggle between blacks and whites, in the same way, we have divisions like Dalit, non-Dalit, Savarna and others or Adivasi and others. So we get to see the difference between culture and subculture. Putting Mahatma Phule's thoughts into practice would be a true tribute to him. Dr. Mustajib Khan explained that in this increasing capitalization, all ordinary workers are facing various challenges. Even today, the proportion of women in higher education is low. Therefore, education and other facilities should reach all sections of the society.

Introductory remarks were given by Dr Nirmala Jadhav, and vote of thanks was given by Dr. Ashwini More. Students of Tarabai Shinde Women's Studies Centre as well as students were present in large numbers.

Date- 30th September 2022

Tarabai Shinde Women's Studies Centre, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad, organized an innovative activity called 'Film Club'. Under this initiative, female lead films will be screened on the first and third Saturday of every month.

The centre has a good collection of films, short films documentaries on the issue of women and other social causes thus to give an opportunity to students from other departments to watch such films and enable them to understand and criticize the films/ documentaries from feminist perspective, the centre organizes Saturday Film

Club. In the screening of a movie/ documentary/play is followed by energetic discussion, questions and answers.

In the inauguration program of Film Club, Prof. Pathan explained that films are not only a means of entertainment, but also social, economic and cultural aspects are shown in cinema's. In a sense, the work of showing the mirror to the society is done through this medium. Many films can be analyzed based on women's issues. Some of the films are related to women empowerment, while some are also highlighting the stereotypes of gender discrimination in the society.

On this occasion, the film *Badrinath Ki Dulhaniya* was screened. At the very beginning of the film, attention has been drawn to the issue of gender discrimination in the society. If a boy is born, he is in a sense referred to as an 'asset' in the society, while if a girl is born, she is seen as a 'liability'.

The film also comments on women's education, self-reliance, society, dowry system in the society, marriage system and finally it is an empowerment of women.

Information of the Program

The Topic of the Interaction session was 'Women's Issues in the Marathwada Region'. As a political specialist she has visited group but she was not satisfied with her findings as she mentioned that the marginalized section of entire Marathwada region was missing in her understanding as a political specialist in order to have a comprehensive understanding of women's issues, challenges and their concerns and assertions. She wanted to visit personally and gather the information especially of Aurangabad city in particular and Marathwada region in general.

She mentioned in her brief interaction that women of cosmopolitan cities are more open and at least they have some exposure in the main stream and they are also moving forward. But if you look at Marathwada region the scenario is different. During her interaction with the audience there were some of these issues and challenges that were put forth.

- Social status of women
- Women's education

- Patriarchy and the women's status
- 21st century and secondary position of women
- Female feticide (Beed)
- Water scarcity in villages.
- Sugarcane cutters and their problems.
- Women's issues and domestic violence
- Sex workers and their increasing numbers.
- Representation of women in Indian political system.
- Issues of women and Hijab
- Women's education and employment
- Women of different strata of the society face different challenges.
- Immediate government policies as remedy to these issues and problems women.

Prof. Prashant Amrutkar Sir, Dean, Faculty of Humanities, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad was present as chief guest of the function. He explained the power relationship in Indian families and also mentioned that the development of any nation solely depends on the status of women in the society. He asserted that fifty percent of world's population comprises of women. In this male dominated society, women have always suffered. Dean sir said that we need to make the women of our country socially, politically, financially, morally, culturally strong & need to correct men on their wrong actions. The position of women will change. In a country like India as mentioned in the United nations report that women constitutes half of the world's population, performs two third of the work, receives one tenth of the world's income and own less than one hundredth percent of the world's property. One of the major problems with the women is their political representation and also participation. Not all women enjoy freedom and equal rights as men in the society. Even to elect a political leader or to cast vote is not in their hands they are not allowed to participate in elections. Still these are stigma or stereotypes that are associated with it.

The chair person Dr. Mehrunnisa Pathan, Inch. Director introduced the Resource person and also the chief guest. She also mentioned the Work, Structure, Growth and Courses that are taught at Tarabai Shinde Women's Studies Centre,

Dr. Babasaheb Ambedkar Marathwada University, Aurangabad.

Bint-e-hawa group member Firdous Ramzani, Dr. Nirmala Jadhav, Mrs. Ashwini More, Dr. Savita Bahirat expressed their opinion on various issues such as women's subordination, Hijab issue, sex workers, Rape victims, NGO and socio-economic report.

The researcher and scholars at Tarabai Shinde Women's Studies Centre, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad put forward their opinion about political condition of women, participation in electoral process, equality and freedom of women. Despite various provisions in the constitution, women in the Indian Sub constitution, women in the Indian subcontinent continue to be under represented in the legislature both of the state and national level. The number of female representatives in legislative bodies in the center and in most of the states of India are below 20% reflecting a pan Indian gender exclusion from electoral participation and equal representation. The Indian female participation in the electoral politics is very low due to the political party competitions at state level and national level. They discriminate in terms of seat allotments, the party rank and chain and command.

This is the major hindrance, the Indian politics ruled by inherent male dominance and patriarchal mindset that excludes women from the electoral process.

The audience also posed questions to Dr. Parvez Aslam regarding the women's political participation in municipal corporation election in Aurangabad and he tried to answer satisfactorily. It was also mentioned about child trafficking due to which the parents are reluctant to send their children to the schools. Though no case is registered about child trafficking in Aurangabad. Few activities are conducted but again they highlight cultural importance of women. It is only to promote cultural activities.

Concept Note :

The contribution of Indian Women cannot be a part of negligence. Indian Women have always stood bold in their contribution in fields like education, sports, socio-politics, cultural, historical and so on. Women they contribute to 18% of the country's GDP with better opportunities for women, the rate can be improved. Women's contribution has made agriculture thrive; it is women who contribute more to heavy manual tasks. Whether Pre-colonial, Colonial or Post-Colonial women's contributions have been par excellence.

Women like Mata Jijyu, Pandit Ramabai, Tarabai Shinde, Savitribai Phule, Rani Laxmibai, Kasturba Gandhi, Annie Besant, Banibai Chaudhari, Fatima Shaikh, and many more have addressed the social ills and existing stereotypes of the times. From ordinary women to iron women, it's a long journey that women have undergone. It is only because of their emergence as activist that social revolutions were possible. It is because of resistance and representations by these women that they were able to establish their individual identity. These women contributed to make society a better place of living. They resisted against the dominant hegemonic structures of their times, in order to bring about a social order based on equality and equity.

Almost all discourses pertaining to women are discourses of emancipation, liberation, and empowerment. There are many women who strived hard to establish social order to build better productive individuals, and live life for the sake of Family, Society, State and Nation and think to create the planet Earth as a better place to live for all of us. There are many Indian women who contributed to bring about a social revolution by resisting dominant Hegemonic Structures. It is in this sense that the one day National Conference is organised to celebrate the birth anniversary of Krantijyoti Savitribai Phule and acknowledge the Contribution of Indian women in Society Development.

Sub Themes:

- 1) Krantijyoti Savitribai Phule's work and Contribution for women's liberation.

- 3) Women's Education Movement and Fatima Sheikh
- 4) Life and works of Mata Jijau.
- 5) Life and works of Mata Ramabai Bhimrao Ambedkar.

- 10) Contribution of women in Technology, Education, Health and Employment.

Tarabai Shinde Women's Studies Centre has organized a book discussion session with Naseer Syed in online mode. For social upliftment, along with Mahatma Phule and Krantijyoti Savitribai Phule, Fatima Shaikh actively worked for women education. This was explained by Naseer Syed while speaking on this occasion. But there is no record of them anywhere in history. Nor is there any record of what they wrote. But Fatima is mentioned in Savitribai's letter. And Savitribai expressed her belief that Fatima will manage the school competently. Fatima's work of women's education for humanity is organizational in nature. It seems that she has worked hard for more students to get education by going door to door to explain the importance of education. Syed Naseer explained that it is important to conduct more in-depth research on Fatima Sheikh.

of the National Seminar

Speaking on the occasion Prof. Sujatha explained that it is also a crime for women to endure violence repeatedly and remain silent. We should not forget that we are human beings. Also, whatever is private is political. Because violence and women's place in society is a systemic issue. She also commented that political positivity is also important to solve women's issues. It is more evident that after globalization the rate of violence has increased rather than decreased. The statistics of child marriage, rape, torture, domestic violence, murder are increasing day by day and this is a matter of great concern. If we are fighting for justice, then there is nothing bad in it.

Prof. Dr. Bhagwan Sakhle, Registrar, Dr. Babasaheb Ambedkar Marathwada University asserted that violence should not be glorified and violence should not be supported in any sense. So Prof. Mustajeeb Khan explained that the patriarchal system has built a house in his head. The notions of male supremacy are deeply ingrained in us and so instinctively we resort to violence against women. Angry stares, repeated insults, cursing are also forms of violence and we have unknowingly accepted them. And this is a matter of great concern.

Session II is plenary Session. Where invitee paper readers are read their paper.

About Tarabai Shinde Women's Studies Centre

The Centre started with University funding in April 2005 & received grant from University Grants Commission from 2009. In year 2012 the Centre was given continuation in the second phase (UGC XIIIth Plan Scheme for development of Women's Studies Centre) we now have a full time Teaching & Non-teaching staff funded by the UGC. We are running M.A.(Women's Studies), PG Certificate Course in Women's Studies (Part-time) & Ph.D research Degree in Women Studies.

• Women's Studies :

Women's Studies is an academic discipline that developed out of the need for the feminist movement to understand the facts, causes and consequences of women's secondary status in society. Since the 1980's the discipline has grown in depth and coverage, and feminist thinkers have engaged in theoretical debate with scholars in the different social sciences and humanities.

• Why the name of Tarabai Shinde?

Tarabai Shinde wrote an essay called "Stree-PurushTulna" which was published in 1882. This is perhaps the earliest example of a feminist text in Marathi. She sharply critiques the male-centered values of society, and the hypocritical attitudes held towards women in marriage, religious practices and social views on morality. Her text was neglected, maybe because her views were too uncomfortable, until it was published in a new edition by S.G. Malshe. Since then the text has been widely discussed and was translated into English by Rosalind O'Hanlon.

We chose the name of Tarabai Shinde for our Centre to honour her work, to acknowledge its place in feminist writing in Maharashtra, and to pledge to bring to light other women who have much to contribute to our understanding of society, but who may not receive adequate attention.

• Importance of this subject in Marathwada :

The Marathwada region in particular is characterized as socially and economically backward, but it is especially so in the area of gender. We observe a high percentage of child marriage in the case of girls, low female literacy, relatively high birth rates and a prevalence of patriarchal attitudes towards women. It may be argued that all these have to be changed before the region can achieve better results in economics development and human development. For these reasons, a Women's Studies Centre can play an important role in the area of training, teaching and research which will be crucial for the development of the region.
