1.4.2 Structured Feedback received from the Alumni (Academic Year 2019-20)

1) The Course & Programme objectives & outcomes were clearly defined identified?

The analysis suggests a generally positive perception regarding the clarity and identification of course and program objectives and outcomes among respondents, with a majority of 75% rating them as either "Outstanding" (50%) or "Excellent" (25%). A smaller but noteworthy 12% found them to be "Good," indicating a moderate level of satisfaction. A minority, 13%, considered the clarity and identification as "Average," suggesting room for improvement for a small fraction of participants.

2) Course Material were of appropriate length, high quality and up-to-date?

The analysis indicates positive feedback regarding the course materials, as a majority of 75% of respondents rated them as either "Outstanding" (50%) or "Excellent" (25%). A moderate 12% found the materials to be "Good," suggesting a generally satisfactory level of appropriateness, quality, and currency. A smaller yet noticeable 13% considered the course materials as "Average," indicating room for improvement for a minority of participants.

3) The course provides focus on skill Development/ Employability / Entrepreneurship?

The analysis indicates a positive perception of the course's emphasis on skill development, employability, and entrepreneurship among respondents, with a majority of 75% rating it as either "Outstanding" (50%) or "Excellent" (25%). A moderate 12% found the focus to be "Good," suggesting an overall positive alignment with skill-building objectives. A smaller yet noteworthy 13% rated the course as "Average," indicating room for improvement in addressing these aspects for a minority of participants.

4. The teacher used ICT tools for teaching (PPT, Videos, Online Lectures etc.)

The analysis reveals a predominant and consistent use of ICT tools for teaching, as a substantial 87% of respondents indicated that the teacher employs these tools every time. A small fraction of 13% reported occasional use, suggesting infrequent integration of ICT tools. This overwhelmingly positive response reflects a high level of engagement with technology in the teaching methods employed by the teacher.

5) How do you grade the overall academic environment in the University?

The analysis of responses indicates a positive perception of the overall academic environment in the University, with a combined 62% of respondents rating it as either "Excellent" (37%) or "Very Good" (25%). A moderate 25% found the academic environment to be "Good," suggesting overall satisfaction. A smaller yet noteworthy 13% considered it "Average," indicating room for improvement for a minority of participants.

6) How would you rate the extra-curricular environment of the University?

The analysis of responses indicates a highly positive perception of the extra-curricular environment in the University, with a significant 74% of respondents rating it as either "Excellent" (37%) or "Very Good" (37%). A smaller but appreciable 13% found the extra-curricular environment to be "Good," reflecting positive sentiments. Another 13% considered it "Average," suggesting there may be room for enhancement in certain aspects for a minority of participants.
