Veena Muzumdar Memorial Fund (VMMF), Centre for Women's Development Studies (CWDS), New Delhi & UGC- Tarabai Shinde Women's Studies Centre Dr. Babasaheb Ambedkar Marathwada University, Chhatrapati Sambhajinagar, Organized 50 Years of Towards Equality One Regional Workshop with Students of WSCs on "Envisioning Change: Reading Towards Equality in the Global Era with Students", on 9th October 2024 at Fatima Shaikh Hall, Tarabai Shinde Women's Studies Centre, Dr. Babasaheb Ambedkar Marathwada University, Chhatrapati Sambhajinagar.

The workshop was organized in five sessions. First- Inaugural session, Second- Technical Session: I , Third- Interactive Sessions with Grassroot Women Activists, Fourth- Technical Session: II and Fifth- Valedictory Session.

Inaugural Session:

Welcome Address: Dr. Nirmla Jadhav, Director Tarabai Shinde Women's Studies Centre

Remarks on the Regional Workshop: Prof.. N. Manimekalai, Director, Centre for Women and Development Studies, New Delhi

Inaugural Address: Prof. Chaya Datar, Ex, Director, Advanced Centre for Women's Studies, Tata Institute of Social Sciences, Mumbai

Chief Guest : Prof. John Chelladurai, Dean, Faculty of Interdisciplinary Studies, MGM University, Chhatrapati Sambhajinagar.

Keynote Address : Prof. Wandana Sonalkar, Ex. Director, Advance centre for Women's Studies, Tata Institute of Social Science

On this occasion Prof. Manimekalai, Director, Centre for Women and Development Studies, New Delhi; Prof. Chaya Datar, Ex, Director, Advanced Centre for Women's Studies, Tata Institute of Social Sciences, Mumbai; Prof. John Chelladurai, Dean, Faculty of Interdisciplinary Studies, MGM University, Chhatrapati Sambhajinagar; Prof. Wandana Sonalkar, Ex. Director, Advance centre for Women's Studies, Tata Institute of Social Science and Dr. Nirmla Jadhav, Director, Tarabai Shinde Women's Studies Centre were present.

The workshop started floral tribute to Krantiyoti Savitribai Phule and Dr. Babasaheb Ambedkar. At the beginning welcome address was given by Dr. Nirmla Jadhav. She explained that we are now in the 21st century, but there are still serious issues regarding child marriage, higher education, employment, wage disparity, and workplace environment. Against this backdrop, it is important for students to reflect on the critical aspects of this report towards equality.

Prof. N. Manimekalai expressed her views on the Towards Equality Report and the work. In the inaugural session, Prof. Manimekalai explained that even after 50 years of Towards Equality Report, some structural differences in the case of women are still visible in the society. Like their active participation in local politics, employment issues, wage differentials, changing brutal forms of violence, ignorance about the digital economy, Economic participation, domestic violence still happening in the home, violence in the workplace are still issues we see today and it is important to recall this report and think again towards equality in this background.

Prof. Chhaya Datar drew attention to various social issues by taking their historical review in her inaugural. Mathura rape case, Bhawari Devi case and now Nirbhaya case are all forms of inhumane violence against women. She explained that education with equality among men and women is very important. Prof. Chhaya Datar also expressed concern about the alarming statistics regarding the sex ratio that we are still struggling with and the ratio of girls in higher education, as well as the ratio in employment. She also mentioned that the proportion of girls should be increased in higher education and their proportion also needs to be increased in employment.

Prof. John Chelladurai said that we always express the need to improve the society but how are we doing in our home? How are we behaving with our colleagues?, we should think about these things first. Because society is made up of all individuals. First we ourselves must accept the principle of equality. Prof. John Chelladurai while speaking on this occasion explained that we should respect the fundamental rights of everyone.

Dr. Vandana Sonalkar explained that we have theoretical thought based legacy and work of Mahatma Phule, Chhatrapati Shahu Maharaj, and Dr. Babasaheb Ambedkar. Are we following this thought and action?, this is the biggest question today. Institutional levels in society are complementary to discrimination. We are lagging behind on many issues like health, culture, wage differentials, school dropout rates, higher education rates of women. As new research methods are emerging, it is necessary to study humanities before qualitative and quantitative aspects. Women's labor is still invisible in national production. We are witnessing conflicts in terms of caste, class and gender. Can women, whether women who work at home or women who work outside, enjoy the holiday in peace? This is an important question even today. And so it is important to study the report Towards Equality.

Dr. Gole explained that the methodology of knowledge creation is still developing from a patriarchal point of view. In which it is very necessary to be treated from a feminist point of view.

The Chairperson of this session Prof. Madhuri Dixit explained that the Towards Equality report highlighted various issues like female mortality rate, sex ratio, proportion of girls in school, dropout rate, and violence against women. Even today there is a problem of women's higher education. Girls in nomadic society have problems of education. Child marriage is a problem. There is the issue of brutal violence against women. All these questions need to be reconsidered. From this point of view the report Towards Equality needs to be re-discussed.

Interactive Sessions with Grassroot Women Activists:

Chairperson : prof. Dr. Pushpa Gaikwad, Head, Dept. of History, Dr. Babasaheb Ambedkar Marathwada University, Chhatrapati Sambhajinagar

Grassroot Testimony: Sushila Morale, Beed

Sushila Morale while guiding the session explained that in 1975 the United Nations took up various programmes for women's upliftment. Above all, the challenge before us at that time was to fight the male ego. Women had to struggle at various levels in the society. Which has to be done even today. But the situation has changed a little now. Equal opportunities for women in all fields have not always been sought. The 73rd Amendment the Constitution of India was passed and women got 33 percent reservation in Local Self Government. Even today there is no participation of women in politics beyond reservation. Very few women are in politics. Speaking on this occasion, She also referred the female characters in Annabhau Sathe's literature. The struggle faced by women from mainstream groups has always been a big one. On this occasion he conveyed the message that every woman goes through a struggle but this struggle should be for equality.

Prof. Dr. Pushpa Gaikwad explained that we have embraced the process of urbanization, we have embraced technology, we have embraced higher education. But has there been a change in our thoughts?, how much have our thoughts progressed?, we should seriously think about this issue. If there are good things happening, we definitely think from the male point of view. The credit is usual given to men. But the credit is never given to women. At first we have to change ourselves. It is inevitable that we will struggle with what is wrong with us. And only if we make a change in ourselves through this struggle, we can guide the society to improve.

Key Speaker: Prof. Vasanti Raman, Chairperson, CWDS, New Delhi.

Chairperson : Prof. N. Manimekalai Director, CWDS, New Delhi.

Vote of thanks: Dr. Nirmala Jadhav Director, TSWSC, Dr BAMU Chh. Sambhajinagar

Professor Vasanthi Raman guided the concluding session. She said that currently we talk about development but first of all we need to understand what is development and what is the process of development. In this there is regional imbalance, regional ups and downs, over development in some places and less development in some places. A polarizing development is taking place. It is also important to understand whether all women are benefited equally in the development process. Polarization is going deeper. In this, differences and stratified structure, graded inequality is being created in the society.

Tarabai Shinde Women's Study Center and College of Social Work, Dr. Babasaheb Ambedkar Marathwada University, Chhatrapati Sambhajinagar jointly organized 'Gender Awareness Workshop' on 11th February 2025. Dr. Ashwini More, Assistant Professor, Tarabai Shinde Women's Studies Center was chief coordinator. Prof. Dr. Shahapurkar was the chairperson of the workshop.

Dr. Ashwini More said the basic concepts of women's studies to the students by arranging the violence against women in the society, the position of women in the society, caste-class-patriarchy. There are so-called perceptions of what a good woman should be and these perceptions

lead to many false myths. Nature has made a distinction between men and women except for the genitals, and there is no difference between men and women. This distinction is created by society known as gender. In the second session of the workshop, Dr. Savita Bahirat made her presentation on women, work, development, culture.

Tarabai Shinde Women's Studies Centre, Dr. Babasaheb Ambedkar Marathwada University, Chhatrapati Sambhajnagar organized a two-day National Workshop on Feminist Research Methodology on 11th and 12th March 2025. The workshop was inaugurated by Prof. Dr. Aparna Ashtaputre, Head of the Department of Psychology, Dr. Babasaheb Ambedkar Marathwada University, Chhatrapati Sambhajnagar.

Dr. Nirmala Jadhav Felicitating Prof. Dr. Aparna Ashtaputre

Dr. Nirmala Jadhav giving introduction

Prof. Dr. Aparna Ashtaputre, Chief Inaugurator

Prof. Narayan Bhosale, Chief speaker guiding on 'Research Meaning and Approach'.

Dr. Dhammsanghini Rama Gorakh chief speaker guiding on 'Feminist Research and Oral History Writing'

Dr. Dhammasangini Rama Gorakh, Women's Studies Center, Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur, guided on 'Feminist Research and Oral History Writing'. At this time, she explained that as a student of women's studies, it is important to use gender

perspective in our research. It is important for researchers to subtract ego and inferiority complex while conducting research. We have only an ideal heritage of oral history before our eyes, in which the oral stories of kings, palaces, gurus and great gurus are told to us. But the oral history of the oppressed Dalits, poor common people and women has not come to the fore. She further explained that oral history has the power to reconstruct history. As a student of women's studies, a woman-centered experience and gender perspective should be brought into our research and knowledge practice. Our commitment should not be limited to our studies alone. It is important to be sensitive and active in society. If we use a quotation in research, we should be able to analyze it. At the same time, while conducting research, linguistic identity should also be preserved while transliterating.

Prof. Dr. Beena Sengar, chief speaker guiding on 'Writing a Research Report'

Dr. Bina Sengar, Department of History, Dr. Babasaheb Ambedkar Marathwada University, Chhatrapati Sambhajnagar guided the topic 'Writing a Research Report'. She explained that while preparing a research plan, we should ask ourselves why we are doing the research, where we are doing it, what we are doing it for, and for whom we are doing it. And in that direction, we should conduct socially useful research. Also, both quantitative and qualitative tools are complementary to each other. Beena said when we collect data, it is extremely important to analyze it sociologically because studying social impact should be our main goal.

Dr. Nirmala Jadhav Felicitating Dr. Anil Jaybhaye

Dr. Anil Jaybhaye, chief speaker guiding on "Research Process - From Topic Selection to Report Writing"

In the third session of the workshop, Dr. Anil Jayabhaye, Head of Department, of Sociology, Swami Ramanand Teerth Marathwada University, Sub-Center, Latur guided participants on "Research Process - From Topic Selection to Report Writing". He explained that while conducting research, we should understand the steps of a research design properly. Many times we have a lot of information and points but we do not understand how to use them in the

research. Research is specifically done to solve social problems. Humans are inherently curious, and therefore the root of research is human nature. The creation of various branches of knowledge has been done to enrich human life, as well as to understand it, and to solve those questions. Our research topic should be relevant to the present time, we should be able to explain its importance, We should be able to determine the scope of the research, what exactly will be the benefit of the research? What will be the output of it? Also, what are the limitations of the research? It is also important to understand the exact concepts behind the research we are doing. Dr. Jayabhaye explained that we should be able to review the research in advance according to the objectives we are pursuing.

Dr. Nirmla Jadhav Felicitating Dr. Chaya Sonar

Dr. Chaya Sonar, Resource Person guiding on 'Data Analysis and SPSS in Social Research'.

Professor Chaya Sonar, Department of Mathematics and Statistics, Dr. Babasaheb Ambedkar Marathwada University, Chhatrapati Sambhajnagar guided on 'Data Analysis and SPSS in Social Research'. She explained that how to use SPSS software for data analysis, how to create tables, then how to create graphs in that particularly simple graphs, scatter graphs, cluster graphs, as well as how to label and analyze the columns in these graphs, and how to use the t-test and chi-square test in relation to independent samples and dependent samples.

Prof. Dr. Pushpa Gaikwad, chair person of valedictory session

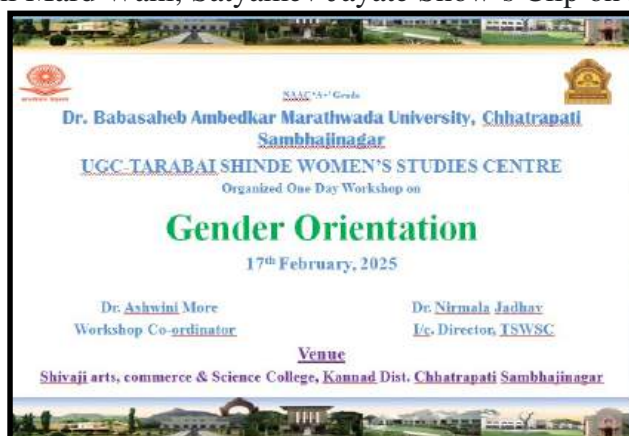

Prof. Dr. Pushpa Gaikwad, Head, Department of History, Dr. Babasaheb Ambedkar Marathwada University, Chhatrapati Sambhajnagar was chairperson of the valedictory session. On this occasion she clarified that one should not simply copy each other while conducting research. should not increase the number of questions while conducting a questionnaire. We should try to find a method that allows us to get maximum information in the least amount of words based on the necessary questions. At the same time, many women have rebelled and struggled in history. The stage of feminist historiography has come forward. The contribution of women in every sphere of life is important and therefore, the history of women's participation, exploitation, and activism was presented in feminist historiography.

Introduction of the programme given by Dr. Nirmala Jadhav, Director of Tarabai Shinde Women's Studies Center and workshop coordinator, Dr. Ashwini More, workshop co-coordinator given the vote of thanks. Chavan, Programme Officer, National Service Scheme, Postgraduate Unit Dr. Babasaheb Ambedkar Marathwada University, Chhatrapati Sambhajnagar were present.

While delivering the speech at the programme Dr. Ashwini More explained that Ramabai should not be seen in typical perspective like 'Tyagamurthy', 'Mamtamai', 'Karunamai', because she is the mother of the nation. She has struggled a lot in life and this struggle was not only for caste but for all the society. Ramabai was not ashamed of any work. She tried her best to run the house. It is important to understand Ramabai's work and achievements from a feminist perspective, because in those times it was difficult for women to even step out of the house. During that time she responsibility of the whole family and stood firmly with Dr. Babasaheb Ambedkar.

Prof. Dr. Balbhim Chavan explained that Dr. Babasaheb and Ramai shared the responsibilities. Ramabai took care of all worldly responsibilities. She stood firmly behind Dr. Babasaheb Ambedkar. Dr. Babasaheb Ambedkar took up social responsibility and did many revolutionary works for the society, for the country. Ramabai is the foundation of Dr. Ambedkar's work. A life partner should be cooperative, liberating. Ramabai did the important work of accepting and encouraging her husband's work and gave valuable support to Babasaheb. Ramabai's role in Ambedkar's overall progress is important.

Dr. Nirmala Jadhav explained that why we do not think about Ramabai in the same way as we celebrate the birth anniversary of Dr. Babasaheb Ambedkar. Ramabai's contribution is equally important. Ramai faithfully accompanied Babasaheb in his social work. Dr. Babasaheb Ambedkar's contribution to the Bahujan class as a whole is important. The fact that Ramabai supported him ably without ever complaining comes from a conscientious thought. The rationalist thought for the salvation of the society was close to Ramabai. Ramabai is not only an idol of sacrifice but also a symbol of an inspiring work.

15. State Level Seminar on “ Shyam Benegal: Pioneers of Parallel Female lead films” Date : 12-13 February 2025

Tarabai Shinde Women's Studies Centre, Dr. Babasaheb Ambedkar Marathwada University, Chhatrapati Sambhaji Nagar organized a state level seminar on “ Shyam Benegal: Pioneers of Parallel Female lead films” on 12th and 13th February 2025. This seminar was inaugurated by senior filmmaker and scholar Dr. Anil Salve. As the key note speaker on this occasion, Prof. Mustjeeb Khan, Head of English Department, Dr. Babasaheb Ambedkar Marathwada University, seminar coordinator Dr. Ashwini More and Dr. Nirmala Jadhav, Director of Tarabai Shinde Women's Study Center were present.

Welcome speech was given by Dr. Nirmala Jadhav. She said that we see movies only as a means of entertainment. But films should also be seen in terms of understanding caste, class, gender, and other social issues. For the first time in the seventies, Shyam Benegal has tried to show women's issue caste and class dimensions through his films. Shyam Benegal's films like Ankur, Nishant, Manthan, Bhumika, Mandi, Mammo, Zubaida, Well Done Abba, need to be studied from a feminist point of view.

Speaking as inagurator, Dr. Anil Salve said that the lessons taught in school text book should be based on reality. The students should also lern about lessons from directors like Shyam Benegal, Satyajit Ray who displayed social issues through their films. The problems of women in the social system and the problems of caste are still serious. Many examples of caste inequality are seen even today. He asserted that films should look at the issues of the society and show the reality of the society through filmms.

The key note speaker Dr. Mustjeeb Khan said that, it is a tragedy that a film's popularity in India is determined on the basis of box office numbers. How many social issues have been shown in the film? we often ignore this. Also we have limited the review of the film only to the newspaper. Beyond that, we do not even think that it can be a matter of study. Indian film industry ranks second globally. But still we are behind in making some radical changes. For example, in the United States, it has been decided at a policy and government level that every film they produce must have African American characters. Moreover, they should not only be seen in cleaning or other simple tasks but should be working in a position of great authority. Therefore, itself becomes an important step towards social change through film. In the context of Indian films, however, we see representation of only a few groups in the social system. Not all common caste groups are seen and if it does, it appears only in certain works. Also, there can be space for creating social discord through this medium. And so, while watching the movie, we should watch it with a careful and prudent mind.

In the afternoon session, the films 'Nishant' and 'Well Done Abba', directed by Shyam Benegal, were screened.

Third Session

Date : 13/02/2025

In the first session of the second day, Prof. Mustajib Khan delivered the lecture on 'Shyam Benegal and Parallel Films'. Dr. Nirmala Jadhav, Director of Tarabai Shinde Women's Studies Center, chaired the session, while Dr. Ashwini More, the seminar coordinator, present.

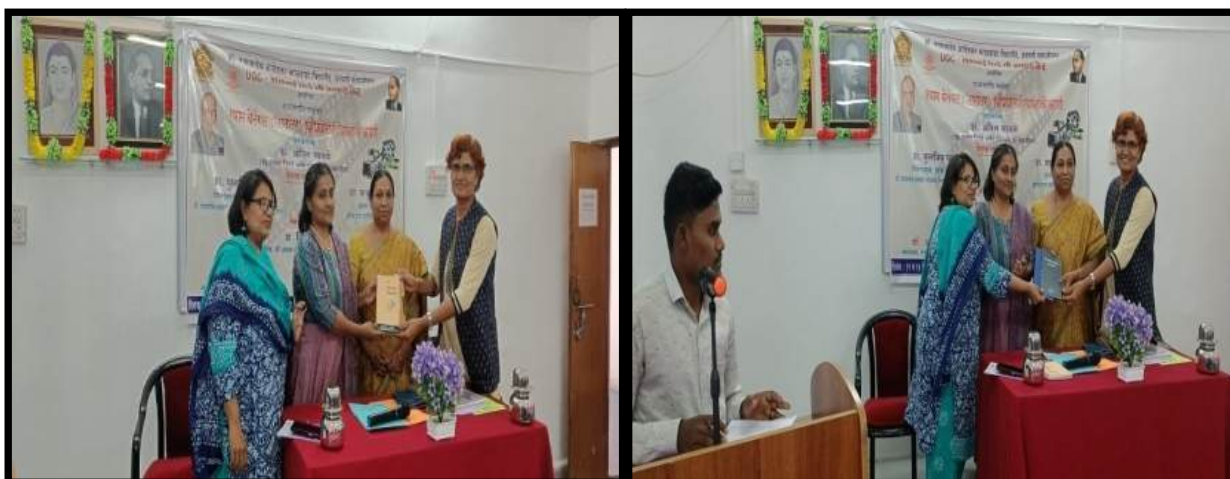

Prof. Dr. Mustajib Khan further explained that it is important for us to first understand why mainstream films, which we call mainstream films, have been categorized into mainstream films, parallel films, and popular films. And only then can we understand what parallel cinema is. Basically, during World War II, due to the conflict between Italy and Germany, all the theaters in Italy and Germany were destroyed. But then slowly, realistic films were made based on that medium. When it was realized that cinema was the best medium to influence people, parallel films began to be produced in the following years. For this, films were produced abroad using realistic and naturalistic mediums. In India, parallel films started coming out starting with Guru Dutt's 'Pyaasa'. Initially, they were called 'New realistic films'. Many of the films that came out later were melodramas, i.e. mainstream films, which do not reflect reality. These are just for entertainment. Things that make people happy are in mainstream films. Realization of the problems of life is only through parallel films. Social and political issues are only shown by parallel films. Shyam Benegal's films like *Manthan*, *Mandi*, *Ankur* try to show realistic situations. Parallel films try to present various issues in the society.

Prof. Dr. Mustajib Khan, chief speaker

In the second session on the second day, the topic 'Female Image in Shyam Benegal's Films' was presented by Prof. Madhuri Dixit, Department of English, Premraj Sarada College, Ahilyanagar. Prof. Nisha Mude, Director, Department of Women's Studies, Shivaji University, Kolhapur chaired the session. On this occasion, Dr. Nirmala Jadhav, Director of Tarabai Shinde Women's Studies Center, as well as Dr. Ashwini More, Seminar Coordinator and Assistant Professor at Tarabai Shinde Women's Studies Center were present.

Prof. Dr. Madhuri Dixit said that, generally women are seen in films from the perspective of dance, music or money making and entertainment. In these mainstream films, no matter how modern women are, they are shown as secondary, traditional and domestic in front of men. An image of an ideal woman is created in which we see a woman bound by family, cultural, and social bonds from a social universal perspective. In contrast, the female characters in Shyam Benegal's films portray the importance of women on the periphery, their activism, awareness, their rights, their desires, strength, and images of women who work calmly and with purpose. This common woman seems far from the ideal female image in society. Speaking on this occasion, Prof. Madhuri Dixit gave a representative example of Benegal's film *Manthan*. Prof. Dr. Madhuri Dixit stated that Shyam Benegal's attempt to show Dalit women, upper caste women, their activism, as well as the upper caste society, as well as the urban and rural divide, is a way of connecting it to the realistic situation in society.

Prof. Nisha Mude said that Shyam Benegal has depicted the realistic situation in the society with regard to women and female characters. The heroines in his films are more active and are Dalits. The message conveyed by Benegal's films is that women should be considered as human beings. Not all women in the world have the same image of women. In India, only the image of 'Aryan women' was glorified and such a traditional and silent woman is emotionally affecting to the society. However, Shyam Benegal has shown a realistic situation in his film. He has tried to raise different issues especially women in the society. He gave quality and meaningful names like Manthan and Ankur to the films. His films encompass all the issues like caste system, minority rights, and Dalit women.

A large number of students were present on this occasion. Pooja Tayde, Baleshwari Gaikwad and film actress Vaishali Dabhade also expressed their views on the discussion and said that this discussion was very poignant and thought-provoking. Staff members of The Tarabai Shinde Women's Studies Centre, Dr. Savita Bahirat, Mr. Santosh Lokhande, Mr. Sanjay Pol were present.

Tarabai Shinde Women's Studies Center, Dr. Babasaheb Ambedkar Marathwada University, Chhatrapati Sambhajinagar, organized one day National Seminar on the occasion of International Women's Day, and tercentenary birth anniversary of Ahilyabai Holkar on "Rani Ahilyabai Holkar: Thoughts and Achievements", on 8th March 2025. Prof. Dr. Prashant Amritkar, Hon. Registrar of Dr. Babasaheb Ambedkar Marathwada University was the chair persone of the seminar. The keynote speaker for this programme was Prof. Dr. Chandrakant Chavan from Walchand Arts and Commerce College, Solapur. While giving the welcome speech Dr. Nirmala Jadhav, Director of Tarabai Shinde Women's Studies Center, explained that Ahilyabai is an inspiration for this society. She faced many hardships and challenges in her family with great courage. She witnessed the death of his own relatives. But even then, she not only stood firm in life but also managed her kingdom with excellence. Also, we are celebrating International Women's Day today, but many women have struggled for this day to be celebrated. We should not forget that gegacy, said Dr. Nirmala Jadhav.

The chair person of the programme, Prof. Dr. Prashant Amritkar, said that the participation of men is important in the process of women's empowerment. He asserted that it is important to respect women as human beings and acknowledge their existence rather than recognizing them as goddesses.

Key note speaker Prof. Chandrakant Chavan explained that Ahilyabai Holkar's work was not limited to religious matters but was an important and unique work done for the common people. She did not only think about her own institutions, but she built water sources all over India. She made special water facilities for animals. She created many lakes. She built many ghats on river. Also, discipline and rules are important while ruling and while following them, She kept the rules of discipline the same for everyone, whether they were members of the household or in institutions. Ahilyabai also held a view of equality for all her subjects. With the view that if the army is strong, the state will be secure, she formed a drill force with the help of the French army. Also, to stop the robbery of many travelers on the Ghat route, she entrusted the task of collecting taxes without resorting to violence with the people there and ensured that no one would be robbed on the Ghat route in the future. She often tried to resolve issues peacefully and only if the issue could not be resolved peacefully did Ahilyabai take up arms. She always opposed the dowry system in her state, gave widows rights in their husband's property, She was given the right to adopt children of their own free will. Similarly, farmers were planned to be taxed at a rate of one-fourth of their income. She built bridges over rivers, water facilities for animals, medical facilities for snakebites or other physical ailments, as well as food shelters for the poor, distribution of blankets in the cold, during her entire tenure, she created many community-friendly service facilities such as water tanks, dharmashalas, etc. for water supply in summer. And the most special thing is that she did not take any amount of any kind from the government for this during that time.

17. Death Anniversary of Savitribai Phule

Date 10/03/2025

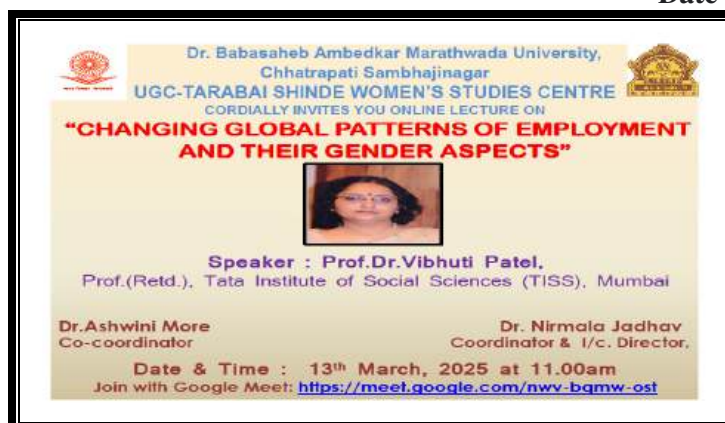

Tarabai Shinde Women's Studies Center and National Service Scheme Postgraduate Unit, Dr. Babasaheb Ambedkar Marathwada University, Chhatrapati Sambhajnagar, jointly organized a tribute programme on the occasion of Savitribai Phule Death Anniversary on 10th March 2025. Dr. Nirmala Jadhav, Director, Tarabai Shinde Women's Studies Center and Programme Officer, National Service Scheme (Postgraduate Unit) chaired the programmeme.

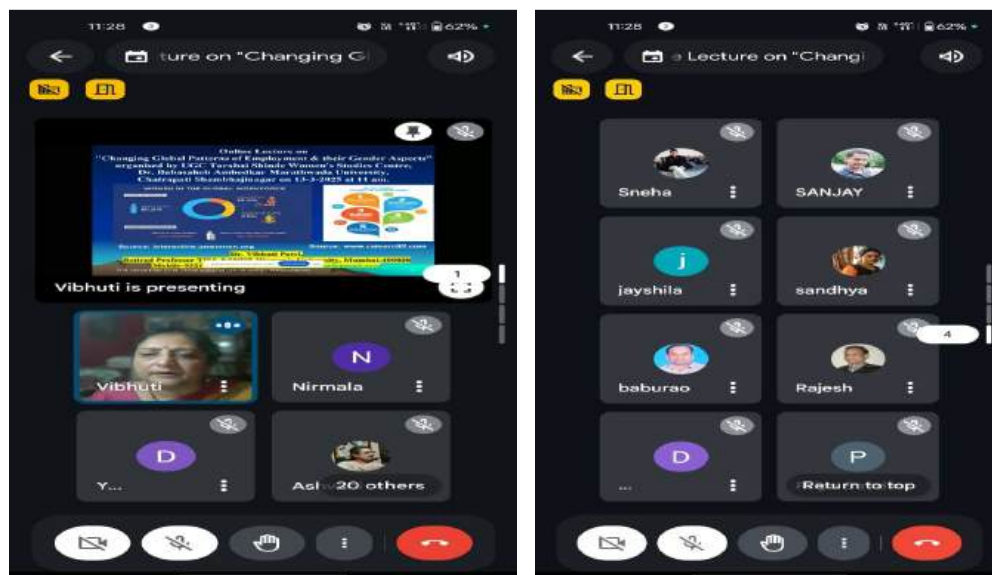

While speaking on the occasion, Dr. Nirmala Jadhav said that it is important for us to be aware of the sacrifices and hardships of that time, when Savitribai worked for society. The Phule couple built a total of seventeen schools in Pune and its surroundings and dedicated them to the public. Even if we fulfill our roles honestly, it is still important. If we are researchers, it is important for us to have a critical perspective and if we are living in society, it is also important for us to understand social issues. Our thinking should be a truth seeker.

In the programme, Poonam Zore and Rajarshi Landge sang the song 'Sau Petati Mashal'. Dinesh Hivarale, Ph D scholar expressed his thoughts about Savitribai. Dr. Savita Bahirat, Research Assistant, Tarabai Shinde Women's Studies Center, did anchoring the programmeme.. 18. Special online Guest Lecture on 'Globally Changing Nature of Employment and its Gender Perspectives'

Date 13/ 03/2025

Tarabai Shinde Women's Studies Centre, Dr. Babasaheb Ambedkar Marathwada University, Chhatrapati Sambhajnagar organized a special guest lecture in online mode on 'Globally Changing Nature of Employment and its Gender Perspectives' of Professor Dr. Vibhuti Patel, former Professor, Tata Institute of Social Sciences, on 13th March 2025. Dr. Nirmala Jadhav, the coordinator of the programme and then Director of Tarabai Shinde Women's Studies Center, and co-coordinator of the programme, Dr. Ashwini More were present on the occasion.

In the introduction, Dr. Nirmala Jadhav, then director of the centre explained that, the Towards Equality report was published in India, the alarming level of women's participation in various fields came to light. Even today, if we look at it, women's work is not valued in the economy and they face wage discrimination. At the same time, we need to understand the implications of the upcoming AI technology, its effects, the effects of the recession from a development perspective and its overall gender implications.

Prof. Dr. Vibhuti Patel delivering her speech said that International Women's Day began to be celebrated after the March led by Clara Zetkin regarding women's employment and working hours. Thousands of women came together to demand their employment rights. Since then, as the pattern of economic development has changed, so have the new challenges and the nature of employment for women. Today, everyone is getting employment opportunities in large numbers. The mobility of workers in employment is increasing. But on the other hand, there is no guarantee or security of job. In the context of globalization and the overall socio-economic economy, it is understood that the labor force of the country is going out. In particular, 67 percent of the upper class youth have migrated abroad. They have cited social constraints and responsibilities as reasons for leaving the country. 25 percent of women are working in the agricultural sector. Currently, the largest number of women works in this service sector. A large number of women works in various places like beauty parlors, massage centers, gyms etc. However, the country's labor laws applied in such places. This raises different questions. The contract labor is increasing. Thus we must have seen that during the Corona period and even now after, many women share their homemade products through social media and earn money from it. However, it is important to consider who is included and who is excluded in these social and economic networks. The International Labor Organization (ILO) has explained that about 94% of women work in the informal economy and therefore, we will have to understand women's issues in the changing nature of global employment.

The programme did anchoring Akash Lonkar. On this occasion the staff of Tarabai Shinde Women's Studies Center, Dr. Savita Bahirat, Mr. Santosh Lokhande, Mr. Sanjay Pol and students of the center participated in the lecture.

विद्रोह अथवा बंडाचे बाळकडू हे आईकडून मिळते. आईने शिकवलेल्या बंडाची परिभाषा करणे आज घडीला अशक्य आहे. आमच्या घराण्यात मातृसत्ताक पद्धतीचा तंतोतंत अवलंब केल्या जातो. घराण्याचे करते पुरुष जागीरदार भोजराज बाबा बारगळ हे निमगाव तालुका श्रीगोंदा येथून तापी ओलांडून खानदेशातील सुलतानपूर तळोदे येथे जागीदार म्हणून व्यवसायिक झाले. या सर्व प्रवासात पत्नी मोहबाई यांचा वेळोवेळी विचार घेतलेला आहे. भोजराज बारगळ यांनी आपली कन्या गौतमाबाई यांचा विवाह मल्हारराव यांच्याशी लावून दिला. मल्हार रावांना सुभेदारी मिळाल्यानंतर गौतमाबाई यांच्यासाठी माळवा आणि दक्षिणेस खजिन्याचा चा अधिकार अहिल्यादेवी कडे गेला आणि या खजिन्यातून लोककल्याणकारी कार्य केले गेले जे अजरामर आहे. पुण्यश्लोक अहिल्यादेवी होळकर त्रिशताब्दी जयंती निमित्त आपल्या ताराबाई शिंदे अभ्यास केंद्रास भेट देऊन चर्चा केली चर्चा करून अतिशय आनंद झाला. सावित्री म्हटलं की यमापासून पतीचा जीव परत आणणारी सावित्री आठवते किंवा मग क्रांतीबा ज्योतिबांची सावित्री आठवते. पण यातील ज्योतिबांची सावित्री ही सरस वाटते कारण ती माझ्यासारख्या अनेक मुलींची आयुष्य उजळून काढते. याच सावित्रीचे विचार मी आज 'मी सावित्री बोलते' या विचार नाट्या मधून ताराबाई शिंदे स्त्री अभ्यास केंद्र येथे मांडले. ते विचार येथील जे उपस्थित विद्यार्थी व प्रेक्षक होते त्यांना भावले. त्यांच्यात सावित्री व ज्योतिबा यांचे विचार समाजामध्ये घेऊन जाण्याची उत्सुकता जाणवली त्यामुळे छान वाटते. या स्त्री अभ्यास केंद्रामधून असे वेगवेगळे उपक्रम राबविले जातात त्यातून मुलांमध्ये मुलींमध्ये खूप मोठे बदल घडवून आणले जात आहेत. यासाठी सर्व प्राध्यापक मंडळी आत्मीयतेने काम करत आहेत याचा खूप आनंद झाला व मी या विभागाची विद्यार्थिनी होते याचा अभिमान आहे. आज दिनांक 11 मार्च 2025 रोजी ताराबाई शिंदे स्त्री अभ्यास केंद्र येथे स्त्रीवादी संशोधन पद्धतीशास्त्र या विषयावरील कार्यशाळेत व्याख्यान देण्यासाठी आलो होतो. व्याख्यान ऐकण्यासाठी चांगली उपस्थिती होती. केंद्रातील प्राध्यापक सहकारी व शिक्षकेतर सहकारी यांनी विशेष सन्मान दिला. विद्यार्थ्यांमध्ये ज्ञान घेण्याची धडपड विशेष दिसली. केंद्राचे ग्रंथालय आणखी समृद्ध व्हावे म्हणून मी माझी काही पुस्तके भेट दिली केंद्रातले एकूण वातावरण अकादमीक वाटले.
