NO

lab assistant are not work properly & do not provide chemical on time & gas also

if possible then take Personal Development session to improve students Confidence, other skills which will helpful for their future

Exam management is piir

No suggestions

For internal unit test, Take 3 unit test instent of 2 unit test and consider marks of any two unit test good marks.benifit of it 1) creat competitive environment in students.2) students study more time for exam 3) most important some students absent sometimes during exam due to this they not lost exam at one time and recover academic loss from another two paper'.

All the professors are very good, they help, if they don't understand something, they explain

None

University is on back foot in case of management, compared to all other universities this is worst experience i had ever seen . Here people use to cheat,doing malpractice during exams . This was too bad for a studious student like me .chemistry department wont allowed me to participate in other departments or programs.this is not fare at all .service courses also very boring cause they wont allowing me to intermingling with other departments 😞university need to very active, and has to implement various programs to make a student's all rounder. I had never seen that my department has arranged any programs guess lecture or foreign exchange program

.If seen from the student's point of view, casteism is found among the students, and the teacher should carefully create harmony by paying attention to the fact that different herds are formed.

One UV chamber for Analytical lab.

And Requirements of the HPLC in laboratory.

In the university all the facilities are available and the teacher's staff was good

Labworks and seminars

NA

All good

Nothing

Overall Academic experience was good. But as it is department of University, There should be placement for the chemistry students. Or internship program for all the organic, inorganic,physical, Analytical chemistry specialization.

None

Provide the instrument for Analytical Chemistry.

1. Rectify the paper check process.

2. Exam calendar is disclosed before 1-2 month.

3. Some old trees is properly cutting because in rainy season some tree is dangerous to

student (library student specially).
Please improve teaching staff of analytical chemistry and also laboratory facility.

According to me for analytical chemistry took higher educated teachers because we faced lot of problems in whole year. Instrumental skills should be provided to students as well as HPLC , UV cabinet and another important Instruments help to grow students it should be in department help them for future achievement. I am not fully satisfied with this university . I would suggest to co-operate students and their difficulties .

Please improve teaching Quality . Also Need of campus placement at the department
More Indoor Sports should also be promoted.
Department of Chemistry is Best
Analytical chemistry required teachers

No
Provide more laboratory facility for Analytical Chemistry section .
All facilities are available in this university it's best for the all students of department of Chemistry
It's my friendly suggestion to the department as well as University to focus on the application based knowledge(instrumentation), skills and personal development of the student and internship or placement facilities must be provided by the university that student feels more comfortable with regards to the Job. All the students passed out from the department has the good quality of knowledge and experience that they can represent themselves as quality students of the department and can make their contribution to the department by pursuing their career in renowned company or organisation . At last I want to express my heartfelt gratitude towards the teachers and friends that they help me too much for completing my two years of education. Thank you....
My only suggestion is to make HPLC available in the analytical lab, it will help the students to do analysis.

Clean organic classroom everyday
Practical work time
No suggestions
Everything is good

1.4.2 Structured Feedback received from the students (Academic Year 2022-23)

1) The Course & Programme objectives & outcomes were clearly defined & identified?

1. We can see that the majority of responses fall into the "Outstanding" category, 34% out of 35 (100%) responses. This indicates that a significant portion of the feedback rated the clarity and identification of course and program objectives and outcomes as outstanding. The "Good" and "Excellent" categories are tied, each representing 31.5% of responses, indicating that a similar number of respondents found the clarity and identification to be either good or excellent. The "Average" category had the fewest responses, with only 3% of respondents indicating that the objectives and outcomes were clearly defined and identified to an average extent.

2) Course Material were appropriate in length, high quality and up-to-date?

M. K. K.
Head
Department of Geography,
Babasaheb Ambedkar Marathwada University,
Aurangabad

From the percentages, we can see that the majority of responses fall into the "Good" and "Excellent" categories, with a smaller portion in the "Outstanding" category and the fewest in

the "Average" category. Overall, it appears that most respondents found the course material to be of good to excellent quality in terms of length, quality, and up-to-date content.

3) The programme provides focus on skill Development/ Employability / Entrepreneurship?

3. A significant portion, 37%, rated the program as "Outstanding," indicating that they believe it provides a strong focus on skill development, employability, and entrepreneurship. Another 37% also rated it as "Good," suggesting that they view the program positively, although not as exceptionally as those who rated it as "Outstanding." 20% rated it as "Excellent," indicating a high level of satisfaction with the program's focus on these areas. Only 6% rated it as "Average," suggesting that a small minority found the program's focus to be lacking or subpar.

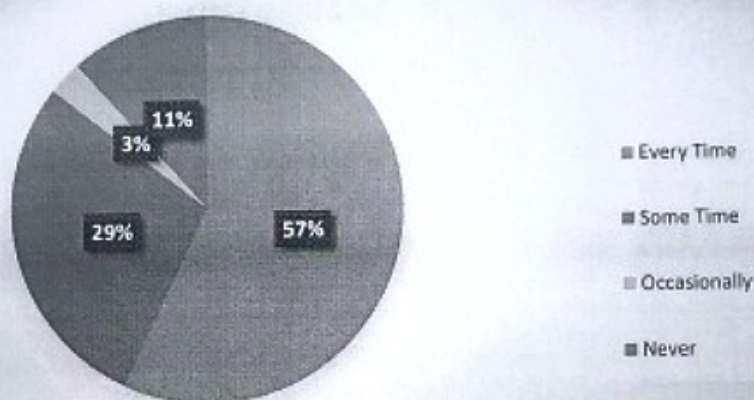

4) The teacher used ICT tools for teaching (PPT, Videos, online lectures etc.)?

4. A significant majority, 63%, indicated that the teacher used ICT tools "Every Time" for teaching, suggesting a high level of integration of technology in the teaching process. 31%

indicated that ICT tools were used "Some Time," indicating that while the teacher used these tools, it was not as consistently as the first group. 3% indicated that ICT tools were used "Occasionally," suggesting that there were few instances where these tools were employed. Another 3% indicated that ICT tools were "Never" used, indicating that a small minority of respondents did not experience the use of ICT tools in their teaching.

5) The teacher was fair and unbiased in examination process?

5. In the pie chart, we can see that the majority of respondents, 57%, believe that the teacher was fair and unbiased in the examination process every time. 29% of respondents feel that this was the case some time, 3% occasionally, and 11% never felt the teacher was fair and unbiased.

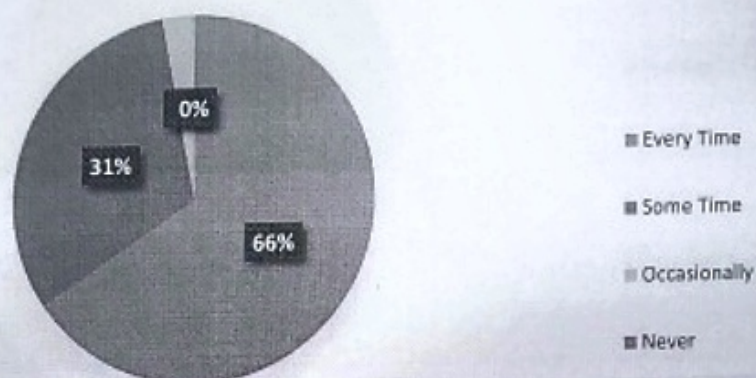

6) The teaching method was effective to achieve the objectives of the course?

A significant majority, 68%, felt that the teaching method was effective "Every Time" in achieving the objectives of the course, indicating a high level of satisfaction with the teaching approach. 20% indicated that the teaching method was effective "Some Time," suggesting

that while it was generally effective, there were instances where it may have fallen short. 9% felt that the teaching method was effective "Occasionally," indicating that there were relatively few instances where it was successful in achieving the course objectives. Only 3% indicated that the teaching method was never effective, suggesting that a very small minority found the teaching method to be consistently ineffective in achieving the course objectives.

7) The teaching method allowed adequate opportunity for student participation and discussion?

7. This pie chart shows that the vast majority of respondents, 66%, believe that the teaching method allowed adequate opportunity for student participation and discussion every time. 31% of respondents feel that this was the case some time, and only 3% feel it was occasional. None of the respondents felt that the teaching method never allowed adequate opportunity for participation and discussion.

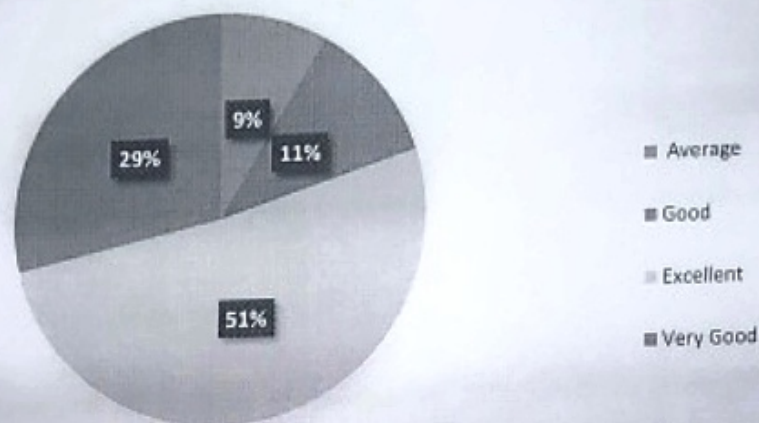

8) Does the Institute provides adequate ICT facilities (Computer, LCD Projects, Internet, Wi-Fi etc.) within campus?

M. S. K.
Head
Department of Geography,
Chhatrapati Sambhaji Maharaj Marathwada University
Aurangabad

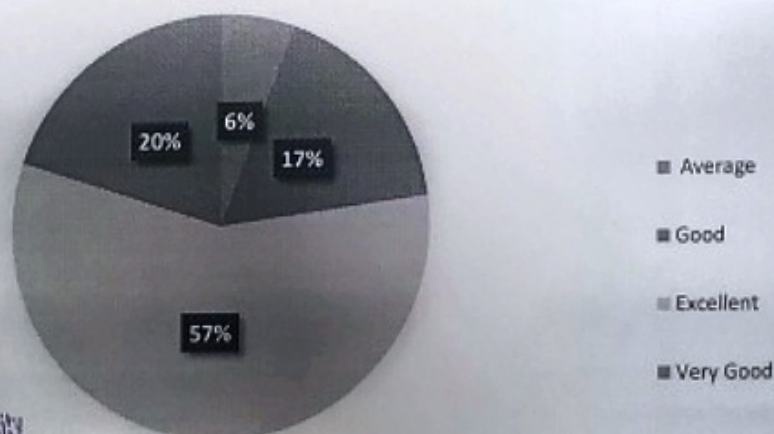

8. This pie chart shows that the majority of respondents, 57%, believe that the Institute provides excellent ICT facilities within the campus, 20% of respondents rated the facilities as good, 17% as very good, and only 6% as average.

9) How would you rate the Library, Infrastructure and Laboratory facilities of the University?

9. The pie chart shows that the majority of respondents, 51%, rated the facilities as excellent. 29% rated them as very good, 11% as good, and 8% as average. This indicates that a significant portion of respondents have a positive perception of the university's facilities, with a majority considering them excellent.

10) How would you rate the extra-curricular environment of the University?

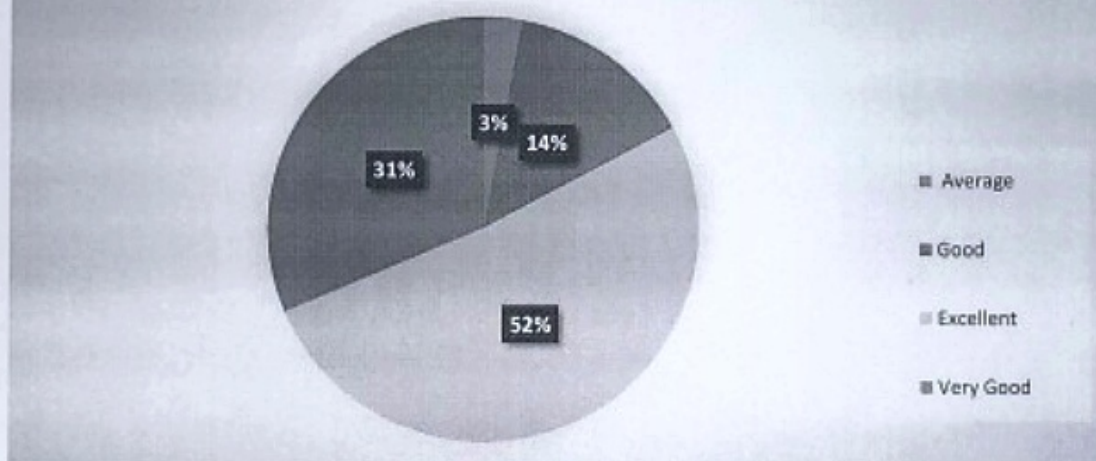

10. The pie chart shows that the majority of respondents, 57%, rated the extra-curricular environment as excellent. 20% rated it as very good, 17% as good, and 6% as average. This

Department of Geography,
Babasaheb Ambedkar Marathwada University

Good

1. Emphasize Practical Learning:

Increase focus on practical applications of concepts to provide students with hands-on experience. This could involve integrating more practical sessions, experiments, and real-world projects into the curriculum.

2. Industry-Relevant Training: Offer regular sessions or workshops where students can learn about the tasks and projects commonly encountered in industries or MNCs. This could involve inviting industry professionals to share their experiences and provide insights into the skills and knowledge needed in the in the workshop.

3. Implement structured Assessments: Introduce

compulsory elements such as dress codes, uniform , class tests, and practice tests to foster discipline, regular assessment, and a sense of responsibility among students. This can help in better monitoring of student progress and understanding of the subject matter.

Excellent

Teacher must be given not only practical knowledge to us with the help of syllabus but also extra curriculum activities.

add subjects accounting

We didn't get our marksheet and degree yet

I dont think that any observation Or suggestion is requird

We will take the exam for the fourth term and we are still suffering from the problem of delaying the grade note because we have not received the grade note for the first semester to this day. Please fix this problem

All good

1) use of ICT effectively 2) the time of lectures was full day so we can't complete other extra activities

I classrooms are not clean. And give us to best batch ti sit

My suggestion is very adorable for this MCQ this question is very intresting

All staff of the commerce department is very nice always helps us in any situation.And overall teaching is very good, interesting examples and experience. I am fully satisfied about our department of commerce.

Iam appearing for MBA 4th semester exams and I still dent receive my 1st Semester marks memo..

So please grant the marks memos

1. More focus should be given to practical assignments and review and feedback should be given to each student.
2. Students must participate more by giving presentations, assignments, and other activities to encourage and build confidence, communication skills, and other skills.
3. More ICT tools should be used.

Lastly the department must hasten in providing marks sheets and results for the students. This is my last semester and I haven't received 1st semester marks sheet. Thank you....

All in all perfect

- 1- There must be a workshop
- 2- There should be experiences that graduates share with new students
- 3- There should be discussion between students and doctors on various topics

1)Placement and traning institute visit the department 2) give students e_ library system

The student concerned must be heard and get it resolved.

Good Teacher's, Good Department and The atmosphere is very Good.

All subject not teaching regularly and HOD is not taken a signature at on that time she make a late of all time. And department is not clean also toilet is wrost. Not teaching a at that proper time only one professor syed azafuddin sir is teaching a very very perfect

(1)Take the lectures fix timing (2) All subject lectures take regularly (3) Simple language use to understand the lecture.

My experience was very well

All subject not teaching regularly and HOD not taken a signature at on that time. she make a late take make a all time and department is not clean.not teaching at proper time. only one professor, sayyed sir is teaching a very perfect.
