

**Report of the meeting**

Date: 13/02/2022

Student feedback has been discussed in the departmental meeting held on 13/02/2022. The following are the main points of discussion:

1. Student feedback is found to be comprehensive and pointing the weakness and strengths of the department.
2. Alumina are satisfied about subjects, campus, and department.
3. Almost all the alumina has given above average marking in all asked categories.
4. Every year department has been trying to create new facilities for students through infrastructure development, with the help of annual budget allocated to department. This year department will focus on to develop teaching facilities in the classroom and purchase some instruments for practical of students.

  
Head  
Department of Chemistry,  
Dr. Babasaheb Ambedkar Marathwada  
University,  
Sub-Campus Osmanabad.

Department Committee members:

  
Dr. M. K. Patil

  
Dr. R. M. Tigote

## Alumni Feedback

#### 1.4.2 Structured Feedback received from the Alumni (Academic Year 2021-22)

##### 1) The Course & Programme objectives & outcomes were clearly defined identified?

The analysis suggests a positive perception of the clarity and identification of course and program objectives and outcomes among respondents, with a majority of 69% rating them as "Outstanding" (45%) or "Excellent" (24%). A notable 28% found them to be "Good," indicating a generally favorable evaluation. Only a minimal 3% considered the clarity and identification as "Average," suggesting a strong alignment between stated objectives and perceived outcomes for the majority of participants.

##### 2) Course Material were of appropriate length, high quality and up-to-date?

The analysis of responses indicates overall positive feedback regarding the course materials, with a combined 66% of respondents rating them as either "Outstanding" (38%) or "Excellent" (28%). A significant 31% found the materials to be "Good," suggesting a generally satisfactory level of appropriateness, quality, and currency. Only a minimal 3% considered the course materials as "Average," indicating that the majority of participants perceived them positively.

Head  
Department of Geography,  
Dr. Babasaheb Ambedkar Marathwada University,  
Aurangabad

### 3) The course provides focus on skill Development/ Employability / Entrepreneurship?

The analysis of responses reflects a positive outlook on the course's emphasis on skill development, employability, and entrepreneurship, with a combined 67% of respondents rating it as either "Outstanding" (46%) or "Excellent" (21%). A significant 29% found the focus to be "Good," suggesting a generally positive alignment with skill-building objectives. Only a marginal 4% rated the course as "Average," indicating that a small fraction of respondents perceived room for improvement in these aspects.

### 4. The teacher used ICT tools for teaching (PPT, Videos, Online Lectures etc.)

The analysis reveals a consistent and prevalent use of ICT tools for teaching, as a substantial 69% of respondents indicated that the teacher employs these tools every time. A notable 21% reported occasional use, suggesting a moderate but intermittent integration of ICT tools. A smaller yet appreciable 10% mentioned that the tools are used occasionally, implying some room for more consistent implementation in teaching practices for this segment of respondents.

  
Department of Geography,  
Dr. Baharshah University

### 5) How do you grade the overall academic environment in the University?

The evaluation of the overall academic environment in the University suggests a highly positive sentiment, with a majority of 80% of respondents rating it as either "Excellent" (52%) or "Very Good" (28%). A moderate 17% found the academic environment to be "Good," indicating a generally favorable perception. Only a marginal 3% considered it "Average," suggesting a widespread satisfaction with the University's academic atmosphere among the respondents.

### 6) How would you rate the extra-curricular environment of the University?

The analysis of responses indicates a highly positive perception of the extra-curricular environment in the University, with a significant 86% of respondents rating it as either "Excellent" (48%) or "Very Good" (38%). A moderate 10% found the extra-curricular environment to be "Good," reflecting overall positive sentiments. A minimal 4% considered it "Average," suggesting a predominant satisfaction with the University's extra-curricular offerings among the participant.

Head  
Department of Geography,  
The E. J. Ourada School of Business, University of Nevada, Las Vegas

**7) To what extent course/programme learnt in the University benefitted you?**

The analysis underscores a highly positive impact of the courses/programs offered by the University, with a substantial 93% of respondents reporting significant benefits. Nearly half, 45%, indicated a full 100% benefit, while an additional 48% reported benefits exceeding 80%. A smaller yet appreciable fraction, 7%, mentioned benefits over 60% or 40%, emphasizing a widespread positive perception of the educational outcomes.

51	Vaijinath Mane	Senior Scientist	Eurofins	2595, Sherhill drive, Mississauga, ON, Canada L5J 3Z2	damane087@gmail.com	+1 437 248 8276	My response is based on 2008-2010 batch 1. All of the lecturers are competent and knowledgeable, but the department needs a better research environment. 2. MSc students in their second year should have their own projects or possibilities to work with PhD students. 3. The curriculum has to be updated. 4. There should be possibilities for students to visit nearby chemical industries (atleast around Aurangabad) 5. Student presentation abilities should be developed through seminar series. 6. More logical questions similar to those in the GATE or NET should be included in semester exams.
